# ULTIMATE IN 10 SIMPLE RULES

**1. THE FIELD:** A rectangular shape with end zones at each end. A regulation field is 70 yards by 40 yards, with end zones 25 yards deep.

**2. INITIATE PLAY:** Each point begins with both teams lining up on the front of their respective end zone line. The defense throws (“pulls”) the disc to the offense. A regulation game has seven players per team.

**3. SCORING:** Each time the offense completes a pass in the defense’s end zone, the offense scores a point. Play is initiated after each score.

**4. MOVEMENT OF THE DISC:** The disc may be advanced in any direction by completing a pass to a teammate. Players may not run with the disc. The person with the disc (“thrower”) has ten seconds to throw the disc. The defender guarding the thrower (“marker”) counts out the stall count.

**5. CHANGE OF POSSESSION:** When a pass is not completed (e.g. out of bounds, drop, block, interception), the defense immediately takes possession of the disc and becomes the offense.

**6. SUBSTITUTIONS:** Players not in the game may replace players in the game after a score and during an injury timeout.

**7. NON-CONTACT:** No physical contact is allowed between players. Picks and screens are also prohibited. A foul occurs when contact is made.

**8. FOULS:** When a player initiates contact on another player a foul occurs. When a foul disrupts possession, the play resumes as if the possession was retained. If the player committing the foul disagrees with the foul call, the play is redone.

**9. SELF-OFFICIATING:** Players are responsible for their own foul and line calls. Players resolve their own disputes.

**10. SPIRIT OF THE GAME:** Ultimate stresses sportsmanship and fair play. Competitive play is encouraged, but never at the expense of respect between players, adherence to the rules, and the basic joy of play.

## DUNE SQUAD

### YPSILANTI, MI

Captains: Austin Lewis, Trey Taliaferro  
@Dune\_Squad

Our team has been together for two years. We first created it last year to play in the very first Beach Championships, and we haven't played in any other tournaments together. Most of us have played together in college at Eastern Michigan University or against each other as we are all from Michigan.

We have some new additions this year due to some players from last year playing on other teams or not being able to make it this year. We are all very excited and looking forward to competing this year.

## FLUDWHALE

### RICHMOND, VA

Captains: Geoff Horsfield, Justin Morrison

@rvaopen

**FLUDWHALE**

How does any pod of whales form? Through family, friendship, shrimp or plankton plumes, and a need for survival, but mostly through nature's sirens' song we gathered. Bubbling from the depths of a white whale's ambergris, known commonly as Virginia's premier open team, Floodwall, we decided to once again defend our home state at USA Ultimate's Beach Championships. The team is hoping our 2015 Capital Regionals Championship, top 25 USA Ultimate ranking and stellar beach whale bods translate into success again this year. Since beaches love whales, The Whale is excited about the opportunity to compete once again with great teams from across the country and to spread an appreciation for the sea's oh-so-gentle giants.

## MIDRIFT

### IOWA CITY, IA

Captains: Sean Newlin, Steve Czechowski  
@MidRiftUltimate

The Midcontinent Rift System (MidRift) is a geological rift in the center of the North American continent. Some say the center of the universe. Some aren't as opinionated as we are. It formed when the continent's core began to split apart about 1.1 billion years ago. Unknown to the coastal areas of our continent, it is a lot of pressure to be the core of a continent, providing for your outer compatriots like a heart to a useless limb. The rift failed, however. The core was too strong. The failed rift left behind thick layers of exposed rock like scars from a booboo. The failed rift serves as a constant reminder of the burden coastal areas have on our nation's core. The constant pulling. The whining. We reenact that battle each year in Virginia Beach: the attempt from the coasts to destroy the core and, of course, their inevitable failure.

Youth is a bit of a misnomer; there is a lot of chest hair on this team. The boys in Manila are pretty vanilla; the boys in Somerville are pretty [REDACTED]. Jon Bon Jovi once said, "Make Somerville great again." He did not follow through. Our lives are like telenovelas: symbiotic and purposelessly natural. ## YETIS ON THE BEACH

### YPSILANTI, MI

Captains: Matt Wilken, Phil Cherosky  
Coach: Matt Wilken

Yetis on the Beach are best known for guarding the expansive Michigan coastline from the threat of our nefarious neighbors, but few historians know that they protect the Ohio shores as well. These creatures of mythical proportions enjoy long walks on the beach, expansive piano solos, serene sunsets and philosophical

conversations that last deep into the night. BUT, don't be fooled by his cultured insights, unrelenting charm and dashing good looks. This creature comes to play. If you are fortunate enough to see a Yeti up close, don't forget to snap a picture. For years, they eluded the paparazzi and only recently have embraced the pictorial age. Be one of the first to catch these creatures in their natural habitat, on the beach!

This particular group of Yetis have competed together and against each other in the club division on High Five and Madcow for several years. Now, thanks to the Treaty of Versailles (Ohio, not France), they have joined forces to compete at the national level and share their mystical combination of competitiveness and fun. If you see one on the beach, just remember that it's good luck to pet a Yeti.

## BALTIMORE FLATBALL CLUB

### BALTIMORE, MD

Captains: Echo Presgraves, Warren Wells  
@BaltimoreFC

Baltimore Flatball Club is excited to return to USAU's second Beach Nationals after their championship-winning performance in the spirit award division. We recognize that there is serious competition for this year's spirit award but have been training all off-season with the intent to retain our title. We are confident that no one can match the accuracy of our calls, our commitment to fair self-officiation, the generosity of our praise for opponents or the forthright honesty of our post-game spirit circles.

Our team is largely composed of Backhanded and Runtime, two D.C./ Baltimore club teams, plus several of our dear friends. Our team name may not fully represent the locations of all of our players, but it has a nice ring to it, no?

Born in the slop of Normandy, The Bandits soon realized that they could hang point for point with dragons in the sand. Always adding wayward souls led us to a new and improved marauding band of thieves, and in our present form, properly papered, you will need more than a fire extinguisher to stop us!

## BEACHBOAT

### CINCINNATI, OH

Captains: Ryan Gorman, Brittany Winner  
facebook.com/beachboatuly  
@beachboatuly

With a core of Cincinnati Steamboat's club mixed players at the helm, Beachboat is excited to make its return to the shores of the Atlantic. Steamboat was formed in 2008 and is the Great Lakes Region's longest-running mixed program. Over the years, shipmates have travelled extensively to play grass tournaments around the U.S., but in 2011, eager to test out our sea legs, we navigated uncharted waters as Battello a Vapore to the harbors of Paganello and docked there again in 2012. Now, with some new crew on board, we're hoisting anchor and setting course to Virginia Beach to compete again together on American sand after our debut at the Beach Championships in 2015.

## BELIEVELAND

### CLEVELAND, OH

Captain: Sharon Yee

The drive. The fumble. The decision. Always coming up short on the big stage, Cleveland sports fans keep coming back for more with perhaps a masochistic devotion. It's time to vindicate that loyalty and further expose the city to ultimate by competing among the greats. Believeland is making its debut this year comprised of elite club players from northeast Ohio and surrounding areas. The team began on Lake Erie's shores among a mix of friends old and new sharing a love for beach ultimate. Based out of Cleveland, our players are highly involved with the local ultimate community and hope to expand programs this summer to include organized beach leagues. A unique opportunity to gain recognition throughout the city, and with pride on the line (not to mention 50 years since the last championship), we're looking to bring a national title home, like the rest of Cleveland's sports teams.

## FUSTER

### CHARLESTON, WV

Captain: Brandon Hudnall

Coaches: Brandon Hudnall, Dylan Elder

Fuster hails mostly from the mountain state of West Virginia with a few of our teammates coming from as far away as North Carolina. We are a quasi-competitive flock who got together for Poultry Days three years ago and have never looked back. We are best represented by our mascot, the fighting chicken. I know a chicken seems harmless, but have you ever been pecked by one? They can leave a mark, and the wound could potentially get infected. Also, roosters are loud as all get out, especially in the morning. That crowing, when unexpected, can be quite intimidating. Anyway, our team goes to beach and grass tournaments throughout the year in search of competitive ultimate with an emphasis on top-notch sportsmanship. We will bring our signature Appalachian avian spirit in 2016 to Beach Nationals in (East) Virginia. Beware the chickens of the sea! Kah ka kah!

If you couldn't tell from the team's name, we're a tribute to the best player ever to graduate from Ames High School: the one, the only...THE Kevin Seiler. still the fearless leader of one of the best mixed teams in the country. He is a world champion, a national champion, a cheese lover and a local hero. He has coached or captained the majority of this team and helped us all become better ultimate players. We'll do our best to make you proud, Dad.

 @PhillyAMP

Another brisk November sun sets over the Schuylkill as Betsy Ross lights a few lonely candles. She sighs, holding the flag – the project General Washington commissioned her. Unbeknownst to her, she is holding what will be the symbol of freedom and independence for hundreds of years to come, but it feels like a heavy burden now.

Suddenly, a disc-shaped object comes crashing through the window, knocking over the candles she had lovingly lit. The flames catch onto her skirt, then onto the flag, and soon the entire room is ablaze. A beautiful crimson filly bursts through her flame-compromised door, bucking through her parlor and throwing Betsy out into the cold, but away from danger. The mare grabs the American flag in its teeth and takes off through the flames, traversing time and space. It is with this passion and fervor that the ladies of Filly LAMP come together to compete.

## ROCKFORD BEACHES

### MADISON, WI

Captains: Becky LeDonne, Robyn Wiseman

The Rockford Beaches are a women's professional beach team with a storied history. The Beaches originally played from 1943 - 1954 in the All-American Girls Professional Beach League. The

Beaches won the league championship in 1945, 1948, 1949 and 1950. After a short hiatus, the Beaches placed third at the inaugural USAU Beach Championships and look to kick up some sand in Virginia Beach in 2016.

Despite the recent retirement of Dottie Hinson, All-The-Way Mae Mordabito and Marla Hooch, this ragtag crew of midwestern swingers will dazzle you with their heavy-hitting and curveballs. The Rockford Beaches bring their mantra to Nationals... "There's no crying in beach ultimate!"

We're the members of the All American League. We come from cities near and far. We've got Madisonians, Indiana ones and Swedes. We're all for one, we're one for all, we're all American!

The Sand Witches are making their second appearance at USA Ultimate's Beach Championships! We are a group of Minnesotan, Madisonian, Bostonian and Chicagoan club players coming together to represent the #nocoast Midwest. We are some of the few pale Midwesterners brave enough to compete in such a sunny, sandy competition. While we do not train in the sand, the snow, mud and rain conditions we train in prepare us for battling on any terrain. We will be equipped with our Midwestern tenacity, plenty of sunscreen and a great love of the game when we show up to compete in Virginia. Virginia is for lovers, and we love sandwiches and competitive ultimate!

## CHARGE!

### JENNIEVILLE, MD

Captains: Rod Hannon, Trish Hannon

CHARGE! was formed 14 years ago to give a core group of long-standing coed teammates a reason to play in the sand in the summer. It was a welcome chance to take off our cleats, soak up some sun and enjoy competitive disc in a new way. Since forming, we have competed each year in Wildwood, N.J., living on boardwalk pizza, dodging TRAM cars

and soothing sunburns in the ocean. In fact, several players on the squad now ONLY appear on the horizon when beach ultimate is on the menu, preferring to never layout on turf again. Our roster has changed somewhat over the years, but the core members and spirit of CHARGE! still remain strong. Carefully crafted, like your favorite cocktail, Charge! is assembled each year with equal parts of talent and friendship. We pride ourselves on high-spirited, competitive play, happily heckling our own players as a means of team discipline. We encourage this spirit of play in our opponents as well, ending each game with a ceremony that recognizes the standout players on the opposing squad.

## DANGER BAY

### TORONTO, ON

A group of beach ultimate enthusiasts more familiar with white snows than white sands, Danger Bay is making its first appearance at USAU Beach Nationals. Our team name pays homage to a Canadian TV series broadcast on CBC Television and The Disney Channel starting October 7, 1984. The series was perceived as wholesome, exciting fare

for older children and adolescents and continued to be seen through the 1990s in many countries worldwide [wikipedia.org/wiki/Danger\_Bay]. Our team strives to be just as wholesome, just as exciting, and to hopefully channel as much of our inner adolescence as our masters legs can handle.

As first reported by ET Canada, the show will be brought back by its original creator to produce the "New Danger Bay." We look forward to it.

## GRUNTLED

### IOWA CITY, IA

Captain: Dan Kresowik

Coaches: Matt Peterson, Mark Kresowik

In 2004, CLX, an Iowa State University-centric team, finished second in the most legitimate division of UPA Nationals. A group of University of Iowa students decided that if the CLX chumps, to whom they had never lost, could finish second, we could easily form our own team in 2005 to skip school, imbibe on the beach and finish 10th.

In 2015, Over The Hill finished second in the most legitimate division of USAU Beach Nationals. If the Over The Hill chumps can finish second, we can certainly skip out on our families, sleep on the beach and finish 10th. Matthew Peterson, at a tournament in 2005, remarked "I am so gruntled right now." The internets define gruntled as "pleased, satisfied and contented," or "to put in a good humor." It is safe to say that after (mostly) long ultimate careers, we are all truly gruntled right now.

## SHOSTAKOVICH (AND THE ANGRY BUDDHA)

### BROOKLYN, NY

Captains: Pete Gilchrist, Katrina Krasnansky

Shostakovich (and the Angry Buddha) is delighted to be returning to the second-ever USAU Beach Nationals as well as the second-ever USAU mixed masters competition. Originally founded nearly a decade ago to fulfill Taylor Richey's dream of winning the Ow, My Knee tournament in Albany (goal yet to be accomplished – perhaps at the

32nd annual this summer), Shostakovich draws players from a wide spectrum of club teams. Our unifying (if sometimes tenuous) connection is to pick-up in Prospect Park, Brooklyn, a game dating back to the early 1990s that fosters competition from high school through great grand masters ages. While our Angry Buddha has retired (at least for now), we look forward to channeling his admirable blend of intense competitiveness and embodiment of Spirit of the Game in Virginia Beach.

### GREAT DISMAL SWAMP, NC

Captains: Ben Dieter, Sara Dieter

The Swamp Rats climbed out of the grimy depths of the Great Dismal Swamp for the first time last season to make a new habitat in the Virginia Beach sand. Many of us had competed together on club teams in North Carolina (LCN, Ring, Phoenix, Retro, Backhoe, Boneyard) and played coed together

in the offseason (Hate, Inc.). We were excited to scrap and claw our way to the title last year. We return this year, hungry again, and we've gotten even more dismal, adding three new females to our rat pack.

Ye Olde Boxcar is, at its core, a group of people who all have played mixed off and on together for several years. Since several of us all reached masters eligibility together, so we figured, let's keep this up and play on the beach. To this mix we added old college buddies, new tournament friends, some sand volleyball players (they should be good on the beach, right?) and some random guy we met on the streets (maybe). We're here to play well, have fun and make some new friends along the way.

Is the heyday for pirates in the Carolinas really past? While some of our straw hat buccaneers may look like they rolled out of the 1700s, you're squiffy if you think our bones are brittle. ## BORDERLINE

### ORONO, ME

Captains: Daniel McConville, Donnie McPhee  
@BorderlineUty

Borderline is a men's masters and grand masters club team from the Atlantic Region (Ultimate Canada)/Northeast Region (USA Ultimate) that was conceived in 2011 by a collection of Canadian Maritime and Maine players. The original core group played on various men's and mixed teams and developed friendships over the decades from competing against one another. Initially, Borderline competed as a men's masters team. We competed in the USAU club series in 2011-2013, earning a bid to U.S. Nationals in 2013. In 2014 and 2015, we focused on the Canadian Ultimate Championship, winning Canadian Nationals in 2014. The team grew rapidly as new players came of age, and in 2016, we formed a grand masters team. The U.S. Beach Championships is our first foray into the GM division.

## GRAVE ERROR

### CHAPEL HILL, NC

Captain: Jacob Bonenberger

#### GRAVE ERROR

Grave Error is the result of all the other team's bad personnel decisions. We are the fodder, the chaff, the slivers of greatness you left on the cutting room floor while forming your perfect rosters. These forgotten souls have gathered together with one goal in mind – to seek redemption by burying the competition in this sandy graveyard. The signs will be subtle. When it feels like a hand is reaching out of the sand as you slip and faceplant, know that it is our hand. When the wind pops that disc up into your face instead of your fingers, know that it is our collective breath. And when a hand pats you on the back in that particularly sunburnt spot, well that will be us too, congratulating you on a great game and reminding you of your Grave Error.

## OLD LINE

### COCKEYSVILLE, MD

Captains: Brian Barney, Daniel Gwartz

The Old Line core group is celebrating its 10th anniversary of grand masters play in 2016. What started as Rigor More Disc evolved into Old Line in 2012 and features a hearty group of grizzled, wily veterans primarily from the Baltimore and Washington, D.C. area, with a touch of southeastern Pennsylvania and points beyond. We have had top-10 finishes in multiple Nationals appearances as well as victories in many regional tournaments. You will be sure to find the Old Line crew to be a talented and good-spirited squad.

## SANDBLAST

### CHICAGO, IL

Captains: Johnny Hock, Gary LeDonne

Sandblast is essentially a melting pot of former teammates and foes from Illinois, Indiana, Ohio and Michigan. Players on our team competed together in college at the University of Illinois and in the masters division as REAL Huck. The sands of time have passed, but we have reformed and are reaching back to compete again as Sandblast. Sandblasting is "the operation of forcibly propelling a stream of abrasive material against a surface under high pressure to smooth a rough surface." Some of our players are abrasive material, some are a stream of high pressure, and some have just been worn down.

## SCRAPPLE

### PHILADELPHIA, PA

Captains: Bill Maroon, Jamal Yusof

Scrapple - Scraps of meat left over from butchering, not used or sold elsewhere, were made into scrapple to avoid waste. Scrapple is best known as a rural American food of the Mid-Atlantic states (Delaware, Maryland, New Jersey, Pennsylvania and Virginia). Scrapple and panhaas are commonly considered an ethnic food of the Pennsylvania Dutch, including the Mennonites and Amish. Scrapple is found in supermarkets throughout the region in both fresh and frozen refrigerated cases.

This definition also describes a grand master's ultimate team from the Mid-Atlantic states.

# SPIRIT OF THE GAME

*Ultimate has traditionally relied upon the spirit of sportsmanship, which places the responsibility for fair play on the player. Highly competitive play is encouraged, but never at the expense of mutual respect among competitors, adherence to the agreed upon rules of the game, or the basic joy of play. — 11th Edition USA Ultimate Rules of Ultimate.*

## 10 THINGS YOU SHOULD KNOW ABOUT SPIRIT OF THE GAME™

### 1. THE GOLDEN RULE: TREAT OTHERS AS YOU WOULD WANT TO BE TREATED.

Spirited games result from mutual respect among opponents. Assume the best of your opponent. Give him or her the benefit of a doubt. You would want the same for yourself. But if you are thick-skinned, do not assume that your opponent is. Maybe you should think of this rule as, “treat others as you would have them treat your mother.”

### 2. CONTROL: SOTG TAKES REAL EFFORT.

SOTG is not just some abstract principle that everyone adopts and then games run smoothly without effort. Close calls are made in tight games. Hard fouls are committed. SOTG is about how you handle yourself under pressure: how you contain your emotionality, tame your temper, and modulate your voice. If you initiate or contribute to the unraveling of spirit, the concept falls apart quickly. If you act to mend things (or at least not exacerbate the situation) by following (1) above, the game heals itself.

### 3. HECKLING AND TAUNTING ARE DIFFERENT.

Ultimate has a long tradition of good-natured heckling. Heckles are friendly barbs, typically from non-playing spectators. Heckling can be fun, but taunting is unspirited and wrong. Harassing remarks after an opponent’s foul call or close play are NOT heckling: they are abusive taunts which create unpleasant playing conditions and often escalate to acrimonious disputes.

### 4. SOTG IS COMPATIBLE WITH CHAMPIONSHIP PLAY.

It is a fallacy to argue that the stakes are so important that some aspect of SOTG can be cast aside. Time and again, great teams and star players have shown that you can bring all your competitive and athletic zeal to a game without sacrificing fair play or respect for your opponent.

### 5. DON'T “GIVE AS YOU GOT.”

There is no “eye for an eye.” If you are wronged, you have no right to wrong someone in return. In the extreme case where you were severely mistreated, you may bring the issue up with a captain, tournament director, or even lodge a complaint with the governing body. If you retaliate in kind, however, a complaint may be filed against you. We recall point (1): treat others as you would have them treat you, not as they have treated you. In the end, you are responsible for you.

## **6. BREATHE.**

After a hard foul, close call, or disputed play, take a step back, pause, and take a deep breath. In the heat of competition, emotions run high. By giving yourself just a bit of time and space, you will gain enough perspective to compose yourself and concentrate on the facts involved in the dispute (was she in or out; did you hit his hand or the disc; did that pick affect the play). Your restraint will induce a more restrained response from your opponent. Conflagration averted, you may resume business as usual.

## **7. WHEN YOU DO THE RIGHT THING, PEOPLE NOTICE.**

When you turn the other cheek, you know you've done the right thing. You may not hear praise, there may be no standing ovation, but people do notice. Eventually, their respect for you and their appreciation of the game will grow.

## **8. BE GENEROUS WITH PRAISE.**

Compliment an opponent on his/her good catch. Remark to a teammate that you admire their honesty in calling themselves out of bounds. Look players in the eye and congratulate them when you shake their hands after a game. These small acts boost spirit greatly, a large payoff for little time and effort.

## **9. IMPRESSIONS LINGER.**

Not only does the realization that your actions will be remembered for a long time serve to curb poor behavior, it can also inspire better conduct. Many old-timers enjoy the experience of meeting an elite player who remembers their first rendezvous on the field and recalls the event in detail. A good first encounter with an impressionable young player can have considerable long term positive impact.

## **10. HAVE FUN.**

All other things being equal, games are far more fun without the antipathy. Go hard. Play fair. Have fun.

# SPIRIT CIRCLES

Spirit circles are an idea borrowed from international competitions throughout the ultimate world. For years, American teams have traveled to world championship events where they have not only done exceptionally well in each competition, but showed the international community the importance we place on respect for the game and their opponents. But American players have also learned a lot from competing against teams from other countries, and invariably one of the most positive parts of the international experience has been the tradition of the post-game spirit circles. While there are a number of ways to do this, here are some quick tips to get your team started:

- Following each game, rather than lining up to slap hands, the two teams gather into a circle, alternating players on each team, facing inward, with arms around the shoulders of the person next to you.
- One or two people (often team captains) on each team will talk briefly about the game. Usually the losing team goes first, then the winning team.
- Things to talk about can include how the game went, how your own team played, what the other team did well, who on the other team played well and anything else that might be worth communicating, even if it's something you think could be done better (and don't forget to look in the mirror on this).
- After each team has had a chance to talk, the winning team takes a step into the circle and walks around counter-clockwise to slap hands with the players on the other team.

That's it! It's pretty simple and definitely something that brings teams together and puts the game and the experience in perspective. It's all about respect for each other and the experience of bringing out the best in each other through competition. It's also about building relationships and seeing opponents for what they really are: part of the same community that loves ultimate. Please note that this is not required and is not meant to replace other post-game traditions you may have (e.g., cheers, games, photos, gifts or trading gear). Good luck, and please let USA Ultimate staff and other event organizers how it goes!

# HEALTH AND SAFETY

Medical staff, including athletic trainers, will be on site at Tournament Central to treat injuries, handle emergencies and provide some preventative care. The event will provide standard athletic tape, pre-wrap, ice and some bandages. Other supplies, including special tape or bandages and anti-inflammatory drugs, must be provided by teams or may be charged by the training staff.

If there is an injury on a field that needs medical attention, inform a field marshal, and he or she will radio to the trainers.

If you have medical issues that require attention in the morning before play, please show up early to avoid long lines. The trainers will be at the fields two hours prior to game time each day. Directions to the local hospital can be found in prior pages of this program.

## CONCUSSIONS

### EDUCATION

- USA Ultimate recommends the CDC “Heads Up Safety” program, a free one-hour online training: [cdc.gov/concussion/headsup/youth.html](http://cdc.gov/concussion/headsup/youth.html).
- USA Ultimate’s participant waiver includes important information from the CDC regarding concussion safety: [usultimate.org/membership/usa\\_ultimate\\_membership\\_forms.aspx](http://usultimate.org/membership/usa_ultimate_membership_forms.aspx)

### COACHING REQUIREMENTS

- Coaches at USA Ultimate events are required to have completed a concussion awareness and safety recognition program (like the CDC program above or other local or state-recommended course). Coaches should not submit records of course completion to USA Ultimate, but should maintain records on-site while coaching.

### REMOVAL & RETURN TO PLAY

- All guidelines identified by the CDC must be strictly followed in the event of a suspected concussion.
  1. Remove athlete from play.
  2. Ensure athlete is evaluated by a health care professional trained in concussion diagnosis and management.

Do not try to judge the seriousness of the injury yourself.
  3. If a minor, inform athlete’s parents or guardians about the known or possible concussion and give them the fact sheet on concussion.
  4. Allow athlete to return to play only with permission from an appropriate health care professional.

## DOCTOR’S NOTE REQUIREMENT

- If, during a USA Ultimate event, an athlete receives care at a hospital, medical clinic or doctor’s office, or is referred to a hospital or doctor by event medical staff, the athlete is barred from further competition in that event until he or she provides a doctor’s note, on letterhead or prescription pad, to event medical staff stating that the athlete is authorized to return to competition.

## HEAT, NUTRITION AND HYDRATION

- Heat-related illness occurs when body cooling by evaporation is limited. Sweating depletes the body’s salt and moisture, which leads to dehydration. If a player recognizes any signs or symptoms of heat-related illness, he or she should treat the problem immediately.
- Signs and symptoms of heat illness can include changes in level of consciousness, abdominal cramps, nausea/vomiting, fatigue/tingling, chills, inability to spit, dry mucous membranes, decreased output and change in color of urine.

## PREVENTION AND TREATMENT OF HEAT ILLNESS

- Avoid alcohol, caffeine and carbonated beverages.
- Medications such as antihistamines, decongestants, certain asthma medications and diuretics can increase risk for heat illness. Avoid them if possible.
- Avoid certain nutritional supplements (such as caffeine and ephedrine) that can dehydrate the body and/or increase metabolism and heat production.
- Know your body – be honest! Are you fit enough to perform under current conditions?
- Eat and drink (water AND sports drinks) optimally before, during and after play. Potassium is important; good sources include sports drinks, yogurt, grapefruit juice, bananas and oranges. Sodium is also important; good sources include sports drinks, vegetable juices, pretzels, nuts, cheese and crackers. After play, carbohydrates are important: foods such as potatoes, honey, cereal, white bread, corn chips, sports drinks, jelly beans, rice cakes, bagels, crackers and gummy candies.
- Don't drink too much. Over-hydrating can be dangerous if it leads to a fluid and electrolyte imbalance.
- Monitor your urine. Clear/copious = hydrated. Dark = Need water/electrolytes.
- Be sensitive to prior illness. If you've been sick, your body may be more susceptible to dehydration.
- Rest and cool down after play. Find shade, wet the skin, get in front of a fan or breeze.

## SIDELINE SAFETY

- Spectators and equipment must stay at least three yards away from the sidelines. Where there are buffer lines, respect them. Chairs, coolers, strollers, you, etc., must be at least three yards from the sidelines.
- If a player believes that an object on the sideline is not safe, he or she should inform event staff and refrain from playing until he or she is satisfied that safe conditions have been established.
- USA Ultimate and event staff reserve the right to move or remove objects or spectators from on or near the playing field if those conditions are, in the opinion of USA Ultimate or event staff, unsafe for players, staff or spectators.

## LIGHTNING GUIDELINES

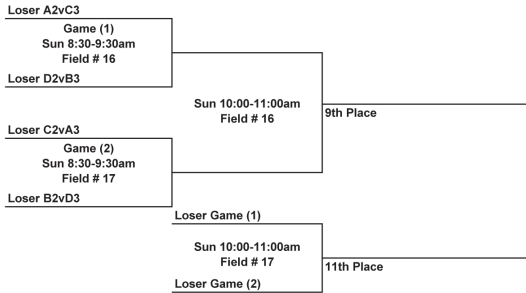

- Event staff will communicate with players and spectators via PA system and through field marshals equipped with radios if there is lightning danger. Play then will be stopped, and everyone should seek shelter.
- Safe shelter for players and spectators at the field site includes any fully enclosed building or vehicle with a hard top and closed windows.
- Event staff will use the “flash-to-bang” method to determine when to send people to shelter. By the time the flash-to-bang count has reached 30 seconds, all individuals should be in a safe shelter location.
- If you can't get to a safe shelter, try to avoid being the tallest object in an open field or on open water. Avoid other tall objects, metal objects and water. Assume a crouched position with only the balls of your feet touching the ground, your arms wrapped around your knees and your head lowered. Minimize contact with the ground. Do not lie flat.
- Avoid using telephone land lines. Cell phones are safe, provided the person has followed other safety guidelines.
- Event staff will indicate to players when play is going to resume. Team captains should meet at Tournament Central to receive instructions for resuming play and any schedule modifications.
