*Note: I will be actively playing with Steamboat this weekend at the East Plains tournament. I will do my best to check my phone regularly and respond when I can, but I advise that your first point of contact during the tournament should be the TDs listed below. If they can't answer the question, they will get me involved. Thanks in advance for everyone's understanding and patience!*

### **Format Clarifications:**

#### ***Three Team Pools:***

IF THE FIRST TWO GAMES IN A POOL FINISH WITH THE EXACT SAME SCORE BUT THERE ARE DIFFERENT WINNERS: The teams at the end of Game 2 play an extra point. It is the same pulling arrangement as the beginning of the second half. If the third game finishes with the exact same score and each team is 1-1 the extra point decides the order of finish. Winner of the point is first, the loser of the point is third. The other team in the pool finishes second.

#### ***Pool Brackets:***

You can find a full description of pool brackets in the Formats Guide [here](#), but I want to specifically draw attention to the tie-breakers for 2nd/3rd place. Two teams will be 1-1. Determining who finishes second and third is simple if they played each other in the first round; the winner of that game is 2nd and the loser 3rd. If they didn't play in the first round, first use point differential against their common opponents (the two teams both lost to the pool bracket winner and both beat the pool bracket loser). Whichever team had the better point differential in these games finishes 2nd in the pool bracket. If the differential is the same, but the scores of the two games were different, the team that scored more total points in that game finishes 2nd in the pool bracket. If the scores were identical, a disc is flipped to determine placement.

**TBD's:**

**Consolation Pool**

The five teams that are eliminated from Regionals contention on Saturday will be placed in a 5-team pool to play games on Sunday. You'll see that all 10 possible games for that pool are listed online now, but not all of those games will be played. After games on Saturday, we will identify the 6 games to be played over three rounds on Sunday for those 5 teams. We will avoid rematches and maximize the number of games for all teams.
